Step 1: Go to official SendGrid website:

Step 2: Then go to Registration Page, you need to give all the details required for creating a SendGrid account and finally click create button. The below screenshot will show the registration Process

The screenshot shows a web browser window with the URL `signup.sendgrid.com/account_details`. The page is titled "Tell Us About Yourself" and includes a sub-header "This information will help us serve you better." The form contains several fields: "First Name" (Abhinav), "Last Name" (M), "Company Name" (KIOT), "Company Website" (`https://kiot.ac.in/`), "Country Code" (India (+91)), and "Phone Number" (8667830981). Below these fields, there are two sections: "What is your role?" with radio buttons for "Developer", "CEO", "Marketer", and "Other" (selected), and "How many emails do you send per month?" with radio buttons for various ranges, including "0 to 100,000" (selected). A final question, "How many employees work at your company?", has radio buttons for "1 - 500" (selected) and "1,001 - 5,000". The bottom of the browser window shows a Windows taskbar with various application icons and system status indicators.
